Education & Advocacy

InsideOUT

The InsideOUT Program seeks to provide a forum for discussion on issues affecting LGBTQ individuals and their allies. The discussion is a safe space for using each other as a resource for learning. Through building understanding and consensus we hope to create positive personal and societal transformations together. Discussions take place every Monday from 6-7 p.m. in the LGBTQ Resource Center.

OUTreach

The purpose of the OUTreach Program is for student peer educators to work to promote visibility and safety for queer people on and off campus. The OUTreach Peer Education Panel promotes a more inclusive environment by challenging stereotypes and correcting misinformation, with the goal of keeping the atmosphere relaxed, open, and informal. To become a panelist or schedule a speakers panel, please contact the LGBTQ Resource Center.

Safe Space Training

The Safe Space symbol sends a message to LGBTQ students, faculty, and staff that people displaying it are understanding and supportive of LGBTQ individuals who are seeking help, advice or simply someone with whom they can talk. Those who identify as Lesbian, Gay, Bisexual, Transgender, or Queer are members of often invisible minority groups and so are their allies and friends. The Safe Space Program is designed to help LGBTQ people identify supportive people and spaces. The two-hour training focuses on consciousness-raising and education about identities concerning sex, gender, and sexual orientation and the issues members of the LGBTQ community face in their daily lives.

To schedule a training: Safespacemizzou@gmail.com.

[SH]OUT Magazine

The [SH]OUT Magazine is a voice for Mizzou's Lesbian, Gay, Bisexual, Transgender, Queer and Ally students, focusing on many issues faced on the MU campus. The publication covers a wide range of opinions and areas of concern for LGBTQ and Allies at Mizzou. [SH]OUT is sponsored by the MU LGBTQ Resource Center.
