If you have special needs as addressed by the ADA and need this publication in an alternative format, notify the MU Career Center at the Student Success Center, University of Missouri, Columbia, MO 65211, or call (573) 882-6801.

Career Counseling Services

The MU Career Center provides a full range of counseling services for community members, MU faculty, staff, students, and alumni.

Counselors-in-training are graduate students who provide individual counseling, under supervision, focusing on a wide range of career, academic, and personal/social issues. Career issues may be your initial concern, but academic and personal/social issues may emerge in counseling and can be discussed and explored as well.

Career Counseling can help with a wide range of career, academic, and personal/social issues.

We will work with you one-on-one to help you explore your interests and options, and acquaint you with the resources within the Career Center. Between counseling

sessions, the paraprofessional staff is available to help you utilize center services and resources.
